

# DIN 7603 A, Flat Sealing Ring, 27x32x2 mm, CU

**Article number**  
51760327322

**EAN**  
None

**Weight in kg**  
0.005

**Customs number**  
74152100

**Quality**  
CU

**Nominal size 1**  
27

**Nominal size 2**  
32

**Height**  
2 mm

## Product details

The seals are used e.g. for pipe fittings according to DIN 3850, screw plugs according to DIN 908, or ball bush fittings according to DIN 7601.

Dimension h	2 mm
Nominal size 2	32
Dimension d2	31.9 mm
Dimension d1	27.3 mm
Norm	DIN 7603 A
Height	2 mm
Quality	CU
Nominal size 1	27

## Properties

The choice of sealing rings and their shape depends on the installation application, the flow medium and the temperature.

## Remarks

This standard was prepared by the Pipe Fittings Working Committee (NARD-7) in the Piping and Steam Boiler Plants Standards Committee (NARD).
